A MESSAGE FROM

Daren French

At ZeroOutages, we've always believed our job is simple: keep businesses connected.

What makes us different isn't just the connectivity we provide—it's the enterprise expertise we build around it and the world-class support we deliver to customers around the globe.

Starlink provides exceptional Internet connectivity. ZeroOutages transforms it into a fully managed enterprise business continuity solution.

ZeroOutages Connected™ is the next step in that evolution.

Rather than presenting the same solution to every customer, we're organizing our capabilities into industry-specific business continuity solutions that address the unique challenges of each market we serve.

This approach gives our Technology Advisors a continuous stream of industry-specific sales opportunities that help them remain consistently engaged with their customers. Instead of repeating the same message, they can start meaningful conversations, uncover new opportunities, deliver greater value, and ultimately grow their business while helping their customers stay connected.

I believe ZeroOutages Connected™ gives us a smarter way to grow—together.

Thank you for being part of what's next.

A Smarter Way to Sell

One Platform. Unlimited Industry Solutions.

Technology Advisors don't sell Internet connections—they solve business challenges.

ZeroOutages Connected™ organizes our enterprise connectivity expertise into industry-specific solutions that are easier to understand, easier to position, and easier to sell.

Starlink provides the **connectivity**.
ZeroOutages provides the **enterprise solution**.

CONNECTED BUILDINGS™

Enterprise Backup Internet Built for Business Continuity

THE CHALLENGE

Commercial buildings depend on reliable Internet connectivity to support tenants, property operations, security systems, and business-critical applications. Even brief outages can disrupt productivity, create tenant dissatisfaction, and increase operational risk.

THE ZEROOUTAGES SOLUTION

ZeroOutages transforms Starlink Business into a fully managed enterprise connectivity solution with automated failover, intelligent network management, and 24/7 monitoring—keeping properties connected when it matters most.

WHY IT MATTERS

BUSINESS CONTINUITY

Keep tenants operating during Internet outages and minimize disruption to critical operations.

NEW REVENUE OPPORTUNITIES

Generate recurring monthly commissions while increasing property value and tenant satisfaction.

PROPERTY DIFFERENTIATION

Offer enterprise-grade connectivity that attracts and retains premium tenants.

CONNECTED HEALTHCARE™

Enterprise Backup Internet Built for Business Continuity

THE CHALLENGE

Healthcare facilities rely on constant, secure connectivity to protect patient data, power critical applications, and support life-saving services. Even brief Internet outages can disrupt clinical operations, delay treatments, and compromise patient care.

THE ZEROOUTAGES SOLUTION

ZeroOutages transforms Starlink Business into a fully managed enterprise connectivity solution with automated failover, intelligent network management, and 24/7 monitoring—ensuring uninterrupted connectivity for healthcare facilities when it matters most.

WHY IT MATTERS

PATIENT CARE CONTINUITY

Maintain uninterrupted access to critical systems, medical devices, and communications when it matters most.

DATA SECURITY & COMPLIANCE

Protect sensitive patient data with secure, encrypted connectivity and industry-leading security practices.

OPERATIONAL RESILIENCE

Ensure business continuity for clinical, administrative, and research operations across all locations.

CONNECTED RETAIL™

Enterprise Backup Internet Built for Business Continuity

THE CHALLENGE

Retail operations depend on always-on connectivity for point-of-sale systems, payment processing, inventory management, e-commerce, and security. Internet outages can lead to lost sales, frustrated customers, and operational disruptions across multiple locations.

THE ZEROOUTAGES SOLUTION

ZeroOutages transforms Starlink Business into a fully managed enterprise connectivity solution with automated failover, intelligent network management, and 24/7 monitoring—keeping your stores connected, transactions flowing, and customers satisfied.

WHY IT MATTERS

PROTECT REVENUE

Prevent downtime that leads to lost sales, failed transactions, and abandoned customers.

ENHANCE CUSTOMER EXPERIENCE

Deliver seamless checkout, online services, and loyalty programs that keep customers coming back.

OPERATIONAL CONTINUITY

Keep critical systems, security, and communications running across all locations—day, night, and everywhere.
